Lake Clementine Closing For Park Upgrades

AUBURN – The Lake Clementine facility will be closed to all public use beginning Monday September 24, 2001 in preparation for a major improvement project at the boat launch ramp and parking area, the California Department of Parks and Recreation announced today.

The improvement project will provide pull-through parking spaces for vehicles and boat trailers, a paved parking surface and a wider road to the launch ramp. The project is being funded through a grant from the Department of Boating and Waterways.

The area is scheduled to reopen early spring.
